These 10 Paint Colors Are Always Trending Because Design Experts Repeatedly Use Them

Cool December, Dunn-Edwards

credit: S Wiley Interior Photography

Courtney Thomas of [Courtney Thomas Design](#) in La Canada, California, just outside of Los Angeles, finds [Dunn-Edwards' Cool December](#) to be a great complement to marble, which makes it ideal for kitchens and bathrooms. "We also go back to it for living rooms and entries where blue is an accent," she says. "It's a crisp pairing for blue and gray but can easily work with a warmer, taupe palette."
